A Call to Action for Indiana Youth!

Here's your opportunity to make your voice heard.

- Influence policy-makers, elected officials, media and law enforcement officers.
- Meet other students from across the state.
- Learn about advocacy and community involvement.

The Indiana Criminal Justice Institute and its POY students are organizing the seventh annual forum – Youth Summit on alcohol, tobacco,

other drugs, traffic safety, public safety, and gambling.

The summit will provide Indiana youth a platform to present solutions and thoughts regarding issues in Indiana.

During the two and one-half day summit, students will work with their peers, as well as individuals who directly influence the laws that affect young adults.

Students will select workshops in the areas of

alcohol, tobacco, other drugs, traffic safety, public safety, and gambling to formulate recommendations on current bills being addressed in the Indiana General Assembly.

The summit participants will compile recommendations at the conclusion of the event and issue a written report to policy-makers and elected officials and then release the report at a statewide news conference.

Goal

- To bring together young people from across the state and obtain **new solutions** and **creative approaches** from those who are directly affected by the issues influencing Indiana youth.

What is ICJI?

- The Indiana Criminal Justice Institute (ICJI) is guided by a board of trustees representing all components of Indiana's criminal and juvenile justice systems. ICJI serves as the state's planning agency for criminal justice, juvenile justice, traffic safety, substance abuse, and victim services. ICJI is charged to help Indiana build safer communities.
- Youth Summit is one avenue ICJI provides to develop the voice of Indiana youth to build safer communities.
